❧ Accelerated learning based on the *shruti* technique of the Sanskrit tradition will be presented. His Holiness will draw on the ancient knowledge base from the Sanskrit heritage to explore the cognitive impact of accelerated learning techniques from early childhood and the connection between hearing and speech. He will illustrate how listening with eye contact and sublime recitation enhance long-term memory. ❧

Swami Vidyadhishananda Giri, a Himalayan yogi, monk and scholar, is among the very few available in the West who has been awarded the degree of *Mahamahopadhyay* (Great Ordained Teacher) in India due to his spiritual insight and articulation of Sanskritic philosophy.
